

State EE/RE Technical Forum
 Call #9– State Appliance Standards
 Thursday, June 9, 2005
 2 -3:30 EDT PM

As part of this final State EE/RE Technical Forum call before a summer break, EPA would like to receive your feedback on specific areas for additional technical assistance. We will have a brief discussion at the end of the call and also invite your comments in advance or after the call via email. What policy and program areas would you like to discuss with other states? What specific implementation challenges, data needs, or analysis would be helpful? We would also welcome any suggestions for improvements to the format of the Forum calls. **Please provide your feedback to Catherine Morris at cmorris@keystone.org or Julie Rosenberg at rosenberg.julie@epa.gov.**

Welcome & Overview of Agenda for Call	The Keystone Center	5 minutes
Overview of Topic: (see background documents)	Steve Keach, PQA	5 minutes
