

State Clean Energy-Environment Technology Forum

**Thursday, November 8, 2007
2:00 – 3:30 PM ET**

**Toll free: (866)299-3188
Passcode: 5878561975#**

State Programs for Emerging Climate Protection Technologies

Welcome	Julie Rosenberg, Director, Clean Energy-Environment State Partnerships State & Local Branch, Climate Protection Partnerships Division, US EPA Catherine Morris, The Keystone Center	5 minutes
Overview of State initiatives to promote emerging technologies	David Terry Association of State Energy Research and Technology Transfer Institutions (ASERTTI)	15 minutes
North Carolina Advanced Energy Initiative	Bob Koger, President Advanced Energy	15 minutes
Connecticut Clean Energy Fund	Keith Frame, Associate Director, New Technologies Clean Energy Fund	15 minutes
Facilitated Discussion		35 minutes
	<ol style="list-style-type: none"> 1. What were the drivers in your state that led you to take a role in advancing clean energy technologies? 2. What were the primary barriers that your program addressed? Have you been successful? What additional challenges remain? 3. What criteria do you apply in selecting among promising technologies to support? 4. What planning and analysis tools exist to assist in promoting emerging technologies? 5. Has your state attempted to document the GHG or other benefits of these programs? 6. What lessons learned can you share with other states interested in advancing emerging climate protection technologies? 7. How can states with fewer resources be most effective in advancing emerging technologies? 	
Summary of Key Points/Technical Needs		5 minutes

Please email questions in advance or during the call to cmorris@keystone.org.
