

State Clean Energy-Environment Technical Forum

**Thurs., January 15, 2009
2:00 – 3:30 PM ET**

**Toll free: (866) 299-3188
Passcode: 587 856 1975#**

Opportunities for Clean Energy in Water and Wastewater Treatment Facilities

Welcome	Julia Miller, Clean Energy-Environment State Partnerships State & Local Branch, U.S. EPA Catherine Morris, The Keystone Center	5 min
Overview of Tools for Evaluating Clean Energy Opportunities	Jason Turgeon Environmental Protection Specialist, Energy Team, EPA Region 1	15 min
Massachusetts	Michael DiBara Project Manager, MA Department of Environmental Protection	15 min
Wisconsin	Joe Cantwell, P.E. Consultant, WI Focus on Energy/ SAIC	15 min
Facilitated Discussion		40 min
	<ol style="list-style-type: none"> 1. What tools and technical assistance are available to states and municipalities interested in evaluating the clean energy opportunities in water and wastewater facilities? 2. How do municipalities finance water & wastewater clean energy projects? 3. What type of incentives, financing or policy support can states provide municipally-owned water & wastewater facilities that want to identify and implement clean energy projects? 4. What have been some of the challenges in implementing auxiliary power and supplementary power projects at water and wastewater facilities? 5. What are the estimated energy, cost and GHG savings from these projects? 	
Wrap-up
